

CANDIDATES FOR MICHIGAN SENATE, DISTRICT 12

Copper Rizzo, Kim Russell, Jim Marleau, Lois Golden, Gene Taliercio, and John Garfield were on the Republican side. Ted Golden and Casandra E. Ulbrich were the Democrats.

I will give some brief observations.

The winners in the primary election held 08/03/2010 are Casandra E. Ulbrich-Democrat, and Jim Marleau-Republican. I congratulate both of them.

I would like everyone who supported my candidacy and voted for me to support and vote for Casandra E. Ulbrich, the winner of the Democratic primary. She is the best candidate in the upcoming November election for the Michigan Senate, District 12.

I got to know Casandra during the primary campaign and feel that she is a very fine person. She is bright, well spoken, personable, energetic, and has much to offer Michigan. I found her to be very honest in presenting the facts during the campaign, and the solutions that she advocated for Michigan. She is very forward in her thinking regarding what has to be done to get Michigan moving in the right direction.

I would like to thank everyone who supported me and voted for me. I hope that you will continue to support *Michigan Justice* as I have advocated. *Michigan Justice* can be advanced if we rewrite Michigan's Constitution to include the *Golden Legal Oversight Amendment*, retention elections for incumbent judges, and commissions to gather and disseminate information concerning judges.

Everyone can be doctors for our fellow citizens to reduce government induced stress and anxiety if you act as I have prescribed.

Ted Golden, M.D.
